

MUTLUKS®

Paw Sizing Chart

How to fit your dog for Muttluks boots:

Print the Sizing Chart at 100% to size your dog. After printing, verify the accuracy of this chart with a ruler before measuring.

Place sizing chart on the floor, then place **front** paw on sizing chart with heel of paw against the thick line. Be sure your dog puts his full weight on the paw.

Putting boots on your dog.

Your dog will best acclimatize to Muttluks outdoors so be ready to go, then:

- Open the Hook & Loop strap fastener
- Stand over the dog and slip Muttluks on from behind the dog.
- Bunch up the cuff and pull the Muttluk over the paw.
- Hold the dog's elbow with one hand and wiggle boot on with the other hand.
- Pull Velcro strap **TIGHTLY** around the boot and press shut.
- Cut-off any excess strap, if desired
- Take your dog outside and enjoy!
